I don't remember if I noted this before but

Koyama: small mountain  
Daiki: large ability

Refreshing sensei  
here looks like  
Mura

I laughed  
too hard at the  
running  
PM 2.5 part

IT'S A  
RUN-  
NING  
PM  
2.5

I like how  
Tateno is  
actually doing friendly stuff  
in the friendly group being  
friendly

I couldn't find Mura  
anywhere in this chapter

W  
WELL

I felt like Koyama wasn't suited  
for the overly battle, they  
couldn't change it different players  
but I guess they seemed him  
on the team.

I was also  
surprised with  
Koyama being  
there, since  
I thought they  
would have  
Kariya  
participating  
in his spot,  
since Mikasa  
group and  
Koyama  
Kamaji-Koyama  
strength was  
I think  
so there's  
that too
